FALL TO WINTER GROWTH

* A percentile rank shows the percentage of a comparison group (like other students/schools) that scored at or below a specific score, indicating an individual's or school's relative standing, not a percentage correct; for example, a 80th percentile rank means you scored better than 80% of the group, while 20% scored higher.

FEAST OF ST. BLAISE

Friday, February 3rd

During Morning Prayers/Announcements

The most popular story attributed to St. Blaise occurred while he was in prison, when he cured a young boy who was in danger of choking to death because of a fishbone in his throat. That story, and the fact that St. Blaise was a doctor, made the saint very popular for intercessory prayer for throat ailments. Every year, it is tradition to bless the throats of the faithful to protect them for the upcoming year. Our priests will bless the throats of our students and families at our morning prayers/announcements.
